ARJUN SHARMA

Bhubaneswar, Odisha, India | +91-9876543210 | arjun.sharma@email.com
LinkedIn: linkedin.com/in/arjunsharma | GitHub: github.com/arjunsharma

PROFESSIONAL SUMMARY

B.Tech Computer Science and Engineering student with hands-on experience in Python, Machine Learning, FastAPI, SQL and Generative AI. Interested in AI/ML engineering and backend development. Experienced in building machine learning applications, REST APIs and RAG-based applications.

TECHNICAL SKILLS

Programming Languages: Python, Java, C++, SQL

Machine Learning: Machine Learning, Scikit-learn, Pandas, NumPy, XGBoost

Backend Development: FastAPI, Flask, REST APIs

AI / Generative AI: LangChain, LangGraph, RAG, Embeddings, LLMs

Databases: PostgreSQL, MySQL

Tools: Git, GitHub, VS Code, Docker

PROJECTS

Campus Placement Management System
Python, FastAPI, PostgreSQL, LangChain, LangGraph

- Developed a campus placement management platform for students and recruiters.
- Implemented student profile and recruiter job requirement management.
- Developed an AI-based student-job matching system using skill extraction and semantic similarity.
- Implemented explainable matching to identify matched and missing skills.

Health Assistant
Python, FastAPI, LangChain, RAG, Machine Learning

- Developed an AI health assistant using Retrieval-Augmented Generation.
- Implemented symptom extraction and medical knowledge retrieval.
- Built a Random Forest based classification model for triage prediction.
- Used structured LLM outputs for extracting information from user input.

Car Price Prediction System
Python, Pandas, Scikit-learn, Streamlit

- Developed a machine learning model for used-car price prediction.
- Performed data preprocessing and feature engineering.
- Evaluated multiple machine learning models.
- Built a Streamlit interface for making predictions.

EDUCATION

Bachelor of Technology (B.Tech)
Computer Science and Engineering
Synergy Institute of Engineering and Technology, Odisha
2024 - 2028 | CGPA: 8.6/10 | Backlogs: 0

CERTIFICATIONS

- Python for Data Science
- Machine Learning Fundamentals
- SQL Fundamentals
- Generative AI and RAG

ACHIEVEMENTS

- Participated in Smart India Hackathon internal selection.
- Developed multiple AI/ML and backend projects.
- Participated in college-level technical competitions.

INTERESTS

Artificial Intelligence | Machine Learning | Generative AI | Backend Development
